Tips :

This is a piano song but can easily played with the guitar , using an arpeggio pattern that could go like this:

Bass string (6, 5 or 4, depending on the chord) then 3,2,3. You repeat that pattern 4 times per chord, with a consistent speed, listen to the piano carefully to have an idea...

You could also use a simple strumming pattern if you're not comfortable with arpeggiating, a simple:

d/x d/u x/u d/u

will do.

Practice and enjoy!!
