Tips :

This song can be handled in 2 different ways. You can play it as it is, with the intro and verse, finger-plucked, this option requires a bit of practice and wouldn't be for complete beginners. You could also choose the easier option, strumming all the way, it should be easy to strum, practice the chord changes from G to B7, or from C to A in the chorus.

Strum :

D/ D/U D/U D/ D/U D/U
1 2and3and 1 2and3and

Practice AND Enjoy!!
