

# Fields of Gold – Eva cassidy

(Capo 7<sup>th</sup> fret)

This version has nothing to do with the Sting version. Eva Cassidy is linking her chords with passing bass notes.

I voluntary named the chords as if you were playing them on top of the neck without the capo, as you play with the capo on the 7<sup>th</sup> fret, it's obviously not their real name, e.g D is actually an A, etc...I did this to avoid confusion and most importantly, if you want to move the capo somewhere else, you keep the same shapes...check out the video for better understanding.
